We are happy to welcome you as a new patient to our practice! As a member of our practice, you and your family will be cared for by a team of dedicated health professionals. We function as a Patient Centered Medical Home. Our goal is to help you be as healthy and fit as possible: mentally, physically, and spiritually. We want to teach you to manage your own health as cost effectively as possible. We will help you keep your full medical history and medical care plan here. No matter what your medical conditions, we will help you develop a medical care plan tailored to your needs. We will assist you in making sure that your medical needs are addressed wherever you are: Home, ER, Hospital, Home Health, Nursing home, or Hospice. We strive to manage your care no matter where you go in the health system.

Office Hours
Monday – Friday 8:00 a.m. – 5:00 p.m. The schedule of individual providers varies.

Same Day Appointments/Walk-ins
Though you may choose a preferred provider in our practice, there may be times when you will need to be seen by one of the other members of our team. All of Dr. Gentry’s office visits are to be scheduled in advance. Same day appointments or walk-ins will be scheduled with one of the other qualified providers. Each physician assistant and nurse provider in our practice consults with Dr. Gentry when the need arises.

Nurse Calls
If you have a question about your care, feel free to call and leave a message for one of the nurses. Someone will return your call within 48 hours during the business week. You may also be able to contact the provider team through the patient portal. Please do not leave a message if the issue is urgent or life-threatening.

Medication Refills
Unless you have an appointment scheduled to discuss refills, please call the office for prescription refills at least 72 hours prior to your medication running out. In some instances, you will be required to first make an appointment with a provider.

Lab Studies
All lab studies must be ordered by one of our providers. If you are concerned that you have a condition that requires a lab study (strep test, urinary screening, etc.), you must first make an appointment with the provider.

Same Day Cancellations/No shows
We are committed to providing all of our patients with exceptional care. When a patient does not show up or cancels without giving adequate notice, they prevent another patient from being seen. Please call our office by 3:00 pm on the day prior to your scheduled appointment to notify us of any changes or cancellations. To cancel a Monday appointment, please call us by 3:00 pm on Friday. A patient is considered a no show if they do not come in or if they arrive more than 20 minutes past their appointment time. Patients will be billed a $25 same-day cancellation/no-show fee, which is not billable to insurance. Patients who arrive late will be seen only at the discretion of the provider. In the case of heavy snow/storms, the fee is waived. Excessive no-shows may result in patient discharge from the practice.
